CORE VALUES

BUILDING A JUST AND EQUITABLE FUTURE

We seek to break systemic barriers and generational poverty to build an inclusive community for individuals of all backgrounds. Our work advances education, wealth and equity so members can realize their utmost potential and succeed.

STRENGTHENING COMMUNITIES

Rooted in the Bronx, we bring tailored resources to the community, providing access to vital programs - such as health and wellness, education, community organizing and workforce development - that address community needs while building more equitable neighborhoods.

CULTIVATING LEADERSHIP & OPPORTUNITIES

We ensure individuals and families have agency around education, employment, housing, wellness and creative expression, ultimately leading community members to recognize and achieve their full potential.

SUPPORTING COMMUNITY-DRIVEN CHANGE

We organize with community members and continuously shape our initiatives to address specific needs, enabling us to create a collective, meaningful impact and ignite change.

PROGRAMS

New Settlement supports all members of the community by providing programs in education, college access, youth development, arts, workforce development and more, as well as a state-of-the-art Community Center that boasts a competition-size swimming pool, dance studio, green roof learning garden, cooking classroom and multipurpose spaces.
