LETTER FROM EXECUTIVE DIRECTOR

Dear Friends of New Settlement:

New Settlement's 34th year was memorable. It marked our full recovery from the challenges of the Covid era. We welcomed the South Bronx community back to a wide range of programs, events, and activities that empowered youth and celebrated families.

As you read our FY2023 Annual Report, we hope you share our pride in the work done by our dedicated staff. They uplift families and inspire young people to achieve great things, such as becoming the first in their families to attend college, training for construction jobs or lifeguard positions, performing as dancers and spoken-word artists, and running our neighborhood farmstand and rooftop garden. We have high hopes for their future success.

There is still much to do. We must continue the fight for racial justice and supporting both new and long-time residents. We aim to open more doors for our youth in education and careers. With a visionary Board of Directors, strong partnerships with City and State representatives, and our committed staff, youth, and families, we are confident in our progress.

In many ways, 2023 will be remembered as the year our Bronx communities were reborn. New Settlement is proud to declare: The Bronx is back!

In Partnership,

Rigaud Y. Noel

COLLEGE ACCESS & SUCCESS INITIATIVES

One thing I learned from the Summer Internship Program that personally stuck with me was how to be an example to the younger generation. It taught me how to lead conversations about social justice, engage students, and be a leader in my daily life. —JA, College Access Center Alum, Stony Brook University

WORKFORCE DEVELOPMENT

YOUNG ADULT OPPORTUNITY INITIATIVE

YAOI is designed to help Bronx "opportunity youth" (ages 17-24) who are out-of-school and out-of-work to achieve their career and education goals. In 2023, 168 unduplicated youth enrolled in our intensive 12-week bridge program and/or on-site HSE program, with 89% completing the program. Additionally, 160 program alumni received follow-up counseling and referrals.

- Program Outcomes: Of the 127 youth who completed the 12-week bridge program, 53 gained employment with an average salary of \$17 per hour, 22 secured internships, 11 entered sector-specific job training programs, and 39 enrolled or re-enrolled in college.
- New Partnerships: YAOI was selected as one of two Bronx recruitment sites for the CUNY-Hostos and CUNY-LaGuardia Accelerated Workforce HUB program, guiding youth to sector-specific certification programs.

Support: DYCD, NYDOL, New York Community Trust, Nike, The Pinkerton Foundation, Robin Hood Foundation

JC, 19, joined YAOI in Summer 2023 when he was unemployed with no prior work experience and having withdrawn from City College due to mental health issues. With consistent one-on-one support from his Youth Advisor, together they began to chart a path for JC to gain employment. JC completed the 3-month program, earned his American Red Cross CPR/First Aid Certification, and engaged actively in Career Readiness Training. Week to week his confidence grew, and his talents emerged. Now, at 20, JC is employed as a Patient Transporter at Bronx Care Hospital.

YOUTHBUILD

YouthBuild equipped 42 young adults (ages 17–24) with sector-specific employment skills necessary to find employment in carpentry, electrical work, plumbing, and construction. The program also supported youths in entering post-secondary education.

Enrichment and Certification: In 2023, 42 youth participated, with 70% completing NCCER Construction and Carpentry Training, and 10 earning the National Retail Federation Customer Service Certification.

Support: NYDOL, USDOL, DYCD
